A STATE WHO	ilation	
Agency Name	DEPAUL USA	
Project Name	Project More	
Grant Number	MO0114L7E011406	
Grant Start Date	May 1st 2015	
Contact Person	Gretchen Shipp	
Phone/Email	gretchen.shipp@depaulusa.org	
	1 arconoursupp@debaulusa.org	

## II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection.

Project MORE is a permanent supportive housing program in its 9th year of operation. We support 35 homeless, disabled men in one bedroom, scattered-site apartments. We outreach and focus on housing the chronic, disabled homeless male who has done poorly in the traditional care system and has additional functional limitations that make it hard for him to find and keep housing. 90% of the clients served meet the HUD standard for chronic homelessness, which is also a priority population for our community. We also outreach directly with the Homeless Veterans program also a priority population in our community. 100% of clients served are diagnosed with a major mental illness; about have additional disorders of chronic health issues, developmental delays and/or HIV. We are a Housing First program wraparound support services to them in their housing. We develop an individualized treatment plan with each client to begin to address their concerns, set goals and start the path to stability that will eventually lead them to permanent

We enter and discharge all clients and their information into the HMIS system and update information on a yearly basis and/or as things change with their situation that requires an update. We also use the HMIS system to write case notes and track visits.

We will begin to take all of our referrals for openings directly from our community's coordinated assessment process as it gets up and running. Clients with highest acuity and who fit the PSH standards of housing will be referred to our permanent supportive housing.

# III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design.

  There have not been any significant changes to our program over the past few years. However, this year we are requesting to decrease our clients served from 35 to 30 due to budget constraints, mainly due to an increase in housing rents over the past 9 years. We anticipate being able to serve over 30 clients at any given time as our leasing budget allows and to ensure that we spend all of our leasing dollars. We have been spending out all of our leasing budget plus program, so we are asking to serve a minimum of 30 plus clients at any given time.
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet.

  Yes- We filed a grant amendment proposal for the change stated above. HUD has not made a decision on it, but we are anticipating a decision in September 2015. I am attaching it with this report as requested.

IV. HEARTH Compliance

De you have	YES or NC
Do you have consumer representation on your Board?	
If you receive Leasing dollars, do you master lease unite?	Yes
If you receive Leasing or Rental Assistance dollars do you are to the	Yes
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more	
than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	
y man rodoling addity Standards (MQS)?	Yes

# √ V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. We anticipate that all HUD funds will be expended. We spent every penny last year, and we plan to do the same this vear.
- 2. Is there any money in this grant that would be available for reallocation to a new project? We do not anticipate having any money available to be reallocated towards a new project.
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

#### PROPOSED GRANT AMENDMENT- PROJECT MORE

# REQUEST FOR AMENDMENT TO PROJECT #MO0114L7E011406

1. Project MORE would like to use the FMR as its rental cap for leasing a unit as stated in the CoC Interim Rule Program legislation for leasing programs.

## Background and justification for request:

When Project MORE was initially approved in 2007 under the SHP program through the City of St. Louis CoC, it was written with a rental cap of \$500 per unit for a one bedroom apartment. Our leasing budget was based on 30 units with the rent being capped off at \$500 per unit. We just started our 9<sup>th</sup> year of operation and have found that over the past 8 years, rents have increased in the City of St. Louis. It is much harder to find a safe, decent and habitable unit for around \$425 to \$450, which was fairly common in 2007. Today, rents in 2015 are more commonly running around \$480 to \$550 for a safe, decent and habitable unit. As a result, we are not only using our entire allotted leasing budget, but we are also using excess dollars to cover leasing costs. Additionally, we are paying monthly rents in excess of \$500 in order to ensure that our clients are in safe, decent and habitable units of their liking. This excess cost is taken on completely by our agency.

With the passing of the Hearth legislation, our program switched from a SHP to a PSH-leasing program under the CoC Interim Program Rule. Leasing programs under this legislation set their rents using the FMR as determined by their local Housing Authorities. In order for our program to be able to keep up with the housing market and to be able to rent units that are decent and safe for our clients, we are requesting that our program be given permission to operate under the same standards as all the other permanent supportive housing programs under this legislation. We are requesting that we no longer be held to the \$500 rental cap as set in our original grant from 2007 and still exists today. We are asking that we be allowed to rent units for our clients using the FMR. We are not requesting any increase in leasing dollars.

2. Project MORE requests to reduce clients served from 35 to 30 single, homeless disabled males as clients move on from the program over the course of this grant year for its permanent supportive housing program (Project MORE) that was renewed and started this past May 1st, 2015 and ends April 30th, 2016- project #MO0114L7E011406.

## Background and justification for request:

Project MORE was initially approved to serve 30 single, homeless, disabled males starting in May of 2007. After operating the grant for two years, we noticed that we had excess leasing dollars that could be used to house more clients. As a result, in 2009, we requested to increase our clients served to 35. We have been housing 35 clients since 2009. However, with the increase in rental costs and change from SHP to PSH leasing program under the CoC Interim Program Rule, our leasing budget no longer covers the leasing costs of housing 35 clients without a financial burden to the agency.

As stated above, the rental costs in the city have increased since we started our program in 2007. Last grant year, we spent our entire leasing budget and several thousand in excess to cover the leasing costs of our clients. As requested in #1, it is our hope to use the FMR as our rental cap. This will allow us to keep up with the increases in the rental market and allow us to rent units that are safe and decent for our clients to live in. The FMR for 2015 is \$633 in St. Louis City for a one bedroom unit. This will allow us to rent units over \$500 which is our current rental cap. Our leasing budget will no longer adequately cover the leasing costs of housing 35 clients at this rate. We believe that we can adequately afford to serve 30 clients at this rate.

Please note that we anticipate that as we monitor our leasing budget throughout the grant year to ensure that the leasing budget is spent out, we will be able to serve on average 33 clients at any given time. Project PLUS, our other permanent supportive housing program, operates in this manner. They are contracted to serve 35 clients but serve on average 39 to 40 clients depending on their leasing budget. This will be the practice that our program will also operate under. Therefore, while we guarantee that we will house and serve 30 clients at any given time; we will be watching our leasing budget and house more than 30 clients as our budget allows. Additionally, we will not discharge any existing client because of this change in number of clients served. Over the course of this grant year, we will monitor our leasing budget and as a client leaves the program naturally, we will either not replace that spot and/or depending on the leasing dollars left in our leasing budget, we will replace the client. At this point, if this amendment is approved, we anticipate being able to house on average 33 clients over course of the grant year.

Additionally, under the CoC Interim Program Rule, we lost the line item in our Supportive Services budget that allowed us to cover deposits. Under the new legislation, PSH leasing programs pay deposits out of their leasing budget and are not allowed to charge clients and/or request that the clients pay their own deposits, even if the client has moved multiple times. This also becomes another financial burden that our agency takes on. As rental costs increase so do the deposits. This has resulted in our leasing budget being over-stretched in order to adequately afford the leasing costs of housing 35 clients.

## City of St. Louis CoC 2015 Renewal Review

I. Agency and Grant Information

Agency Name	Interfaith Residence/Doorways	
Project Name	Doorways Maryland	<del></del>
Grant Number	MO011B7E011104	
Grant Start Date	January 1	
Contact Person -	Marcy Lifton	
Phone/Email	mlifton@doorwayshousing.org	

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection.

Maryland is a permanent supportive housing program for individuals living with HIV and needing the 24-hour nursing care provided by a licensed residential care facility. The facility has 2 full-time licensed social workers and provides full meal service. Thirty-one of the 36 one-bedroom units are supported by CoC. A substantial majority of the residents have co-occurring mental or substance abuse conditions. Given the facility's licensing requirements and client medical issues, all clients are subject to in-depth medical and psycho/social assessment at entry and on an ongoing basis. The CoC's coordinated assessment will supplement the medical and psycho-social assessments done in the ordinary course. Also, we will continue to seek clients through the CoC network, Ryan White case managers, and going directly to those locations where homeless persons needing assistance are likely to be found.

### III. Program Changes

- Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. During the past year, program staff has made substantial efforts to maintain its client census notwithstanding that many otherwise eligible clients are simply too ill to live on the streets and are refused entry to a shelter. As a result of outreach efforts to other CoC agencies as well as hospitals, combined with efforts to advise homeless persons of the facility's availability, the facility has increased its occupancy rate to 30 of the 31 CoC-supported beds (over 96%).
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet.

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	ves
If you receive Leasing dollars, do you master lease units?	N/A
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness	
requirements?	N/A
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Program will fully spend available CoC funds
- 2. Is there any money in this grant that would be available for reallocation to a new project? NO

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

Households	2014 Calendar Year HMIS Generated	2014 Calendar Year	CoC 2015 Grant Year
Total Number of households	35	Agency Reported	(Projected)
Total Number of households who exited/will exit	12		9

Data Element	2014 Calendar Year HMIS Generated	2014 Calendar Year Agency Reported	2015 System Target
Destination Permanent Housing	42%		47%
Housing Stability	89%		98%
Cash Income – Stayers	100%	***	70%
Non-Cash Benefits – Stayers	100%		73%
Return to Shelter	N/A		17*

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.

This program enters data into the HMIS on a very frequent basis, and is in regular communication with the HMIS provider to address data that doesn't appear to record accurately or which does not populate as anticipated. Notwithstanding the foregoing, we repeatedly experience "glitches" in the HMIS system for which there is no apparent reason; we address these glitches promptly with the HMIS support staff. Thus, with respect to this program, we are unable to provide any reason or guidance as to how a human

below the system target for our CoC

Since the completion of calendar 2014, Doorways' outreach efforts have resulted in a substantial increase in the monthly census. As a result, we believe that we will be able to maintain	
In addition, although the system reported a below target level for "Destination Permanent Housing," the HMIS percentage appears to have included 3 client/patient deaths in calculating this statistic. Given that Maryland is a residential care facility for persons with significant medical needs and the presence of HIV as well as the Medicaid waiver pre-condition for all residents results in overall medically fragile population subject to opportunistic condition and life threatening	l ns

# City of St. Louis CoC 2015 Renewal Review

#### I. Agency and Grant Information

Agency Name	Interfaith Residence/Doorways
Project Name	Doorways Jumpstart
Grant Number	MO0112B7E011103
Grant Start Date	October 1
Contact Person	Marcy Lifton
Phone/Email	mlifton@doorwayshousing.org

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection.

Jumpstart provides scattered site permanent housing to 18 families with children, with one family member having HIV. Usually, there is not much turnover among the Jumpstart families. Thus, when a vacancy is contemplated, program staff contact Ryan White case managers and other CoC members concerning community need, conduct an intake review/assessment on identified clients, and assist the client in finding suitable housing (which Doorways lease from the landlord and subleases to the client). When the new coordinated assessment process is in place, this tool will be used in tandem with other assessment factors deemed appropriate.

We have experienced great difficulty with the HMIS system as to Jumpstart. Although Compass Rose is much better than ROSIE, and we input all new data into the system, the prior system was so difficult to access and work with, that certain data fields with historical information are problematic, and we try to correct them when noted.

## III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design.
  - ---We would like to include employment assistance and job training within the Supportive Services budget and will seek a budget change during issues and conditions to accommodate this service.
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet.

  No amendments

## IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	Yes
If you receive Leasing dollars, do you master lease units?	DW rents at
	scattered sites
If you recoive Leading and Dantal A. L.	and subleases
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	YES
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	YES
Do you comply with Housing Quality Standards (HQS)?	YES

# PSH Programs Interfaith Residence/Doorways Jumpstart

## V. Budget

- Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why.
   Expect to spend all funds
- 2. Is there any money in this grant that would be available for reallocation to a new project? NO
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

	SUPPORTIVE SERVICES BUDGET

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

Households	2014 Calendar Year HMIS Generated	2014 Calendar Year	CoC 2015 Grant Year
Total Number of households	72 persons- in 19 HH	Agency Reported 72persons in 19 HH	21 HH
Total Number of households who exited/will exit	7 persons- in 2 HH	2 HH- 4 persons	3 HH

Data Element	2014 Calendar Year HMIS Generated	2014 Calendar Year Agency Reported	2015 System Target	
Destination Permanent Housing	33%	100%	47%	
Housing Stability	100%	100%	98%	
Cash Income – Stayers	56%	71.4%	70%	
Non-Cash Benefits – Stayers	96%	100%	73%	
Return to Shelter	N/A	-0-	17*	

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to
    assure HMIS data completeness and accuracy for 2016.
     The Jumpstart program has had excessive difficulty working the with HMIS system, particularly with the prior
    version which locked us out for any client with an outstanding issue with any other CoC agency. Although the new
    system works better for the program, some of the historical data on long-term clients is not as complete as desired.
    We are working to ensure that client data is complete and accessible.
  - below the system target for our CoC
     As noted above, we have found the HMIS to have inaccurate data, which we are trying to correct. Furthermore, for
     the Jumpstart program, which is focused on families with children, as children are aging, there are reductions in
     cash income that result simply because children have aged so that the benefits no longer apply.
     This form, and the standard CoC questions, do not accommodate these nuances.

# City of St. Louis CoC 2015 Renewal Review

I. Agency and Grant Information

Agency Name	DEPAUL USA
Project Name	Project Plus
Grant Number	MO0006L7E011303
Grant Start Date	December 1, 2015
Contact Person	Rich LaPlume
Phone/Email	(314) 539-1788 rich.laplume@depaulusa.org

#### II. Project Summary

Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection. Project PLUS is a permanent supportive housing program in its 6th year of operation. We support 35 homeless, disabled individuals in one bedroom, scattered-site apartments. We outreach and focus on housing the chronic, disabled homeless, who has done poorly in the traditional care system and has additional functional limitations that make it hard for him to find and keep housing. 100% of the clients served meet the HUD standard for chronic homelessness, which is also a priority population for our community. We also outreach directly with the Homeless Veterans program when we have openings to see if they have any veterans who are eligible for our program as homeless veterans are also a priority population in our community. 100% of clients served are diagnosed with a major mental illness; about 85% or more of the clients served have a co-occurring disorder of drug/alcohol dependency; while another 50% plus have additional disorders of chronic health issues, developmental delays and/or HIV. 100% of the woman we have served have reported being a victim of abuse. We are a Housing First program using a low demand model and, as such, house people directly from homelessness into housing. We then offer wraparound support services to them in their housing. We develop an individualized treatment plan with each client to begin to address their concerns, set goals and start the path to stability that will eventually lead them to permanent housing. We enter and discharge all clients and their information into the HMIS system and update information on a yearly basis and/or as things change with their situation that requires an update. We also use the HMIS system to write case notes and track visits.

## III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. The fact that we have left Leasing Dollars on the table consistently, our program has made a major change in the number of clients served. We are contractual held to serve 35 individuals Last grant year we were housing 40 consistently and this year we are serving 45. We plan to keep serving this amount this upcoming year so that we spend down all our leasing dollars.
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet. *No*.

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	Yes
If you receive Leasing dollars, do you master lease units?	Yes
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Even with expanding clients served to 45 we will still have unspent leasing dollars. This is due to the fact that the FMR is higher than the actual rent we pay. Next year by serving 45 dollars we will spend down all of the leasing dollars.
- 2. Is there any money in this grant that would be available for reallocation to a new project? \$10,000-13,000 of leasing dollars will be unspent, and can be used in new projects.
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

## City of St. Louis CoC 2015 Renewal Review

I. Agency and Grant Information

Agency Name	Interfaith Residence/Doorways	
Project Name	Doorways Delmar	
Grant Number	MO0111B7E011103	
Grant Start Date	October 1	
Contact Person	Marcy Lifton	
Phone/Email	mlifton@doorwayshousing.org	

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection.

Delmar was the first permanent supportive housing project sponsored by the City as part of what we know today as the CoC. It is a structure with 11 apartments (9-1BR, 2-2BR) that are available to 11 persons living with HIV/AIDS, with 2 residents able to have roommates of their choice. There is an office on-site and certain supportive services are provided on-site.

#### III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design.
  - Each year, the program increases its supportive services for residents and continues to support residents in achieving independence, including finding employment and remaining healthy.
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet.
  - -We have been approved for a grant budget amendment to reduce electricity gas and water and add the same amount to "Maintenance/Operations" (with the revised budget reflected below).

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	Yes
If you receive Leasing dollars, do you master lease units?	no
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	N/A
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Expect to spend 100%
- 2. Is there any money in this grant that would be available for reallocation to a new project? NO
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

	2014 Calendar Year		CoC 2015 Grant Year
	HMIS Generated	Agency Reported	
Total Number of households	12	12	12
Total Number of households who exited/will exit	N/A	2	1

Data Element	2014 Calendar Year HMIS Generated	2014 Calendar Year Agency Reported	2015 System Target
Destination Permanent Housing	N/A	N/A	47%
Housing Stability	100%	100%	98%
Cash Income – Stayers	58%	66%	70%
Non-Cash Benefits – Stayers	66% (see below)	2/11(see below)	73%
Return to Shelter	0%	0%	17*

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to
    assure HMIS data completeness and accuracy for 2016.
     We input HMIS data on a regular basis. For the upcoming year, we plan to input the annual assessment directly
    into the HMIS. In addition, we will download HMIS data reports monthly and verify printed results.
  - below the system target for our CoC
     3 of the 12 core clients during calendar 2014, representing 25% of the year-end designated "clients", received no non-cash benefits; thus, we believe that the non-cash benefits for stayers should be 9 of 12, or 75%. All clients have applied for available benefits, but some are turned down by the government.

II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in

Project Protect is a permanent supportive housing program that provides scattered site housing and supportive services for approximately 27 homeless families at any given time. These families would have lost custody of their children or are at risk of losing custody due to parental substance abuse issues. The program provides a comprehensive continuum of care for these families through intensive case management. They receive assistance in finding safe and affordable housing with the assistance of a housing compliance specialist. There is also a crisis case manager who works with the families to address crisis situations that may be confronting them. The case manager conducts regular home visits with the families/clients; conducts budgeting sessions with them to ensure financial stability, and refers them to community resources such as substance abuse treatment centers, mental health and/or health care services as needed and appropriate. Project Protect uses the Homeless Management Information System ((HMIS) to collect and update relevant client data.

# III. Program Changes

1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design.

There were no significant changes in the program during the last fiscal year (October 2014-September 2015). However, the program experienced intermittent staff resignations for better opportunities elsewhere which affected our client recruitment and enrollment as well as spending down funds allocated for salaries, leasing and operations.

2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet. **No** 

IV. HEARTH Compliance

Do you have consumer representation on your Board?	YES or NC
If you receive Leasing dollars, do you master lease united	No
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	No
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more	Yes
than one year?  Do you comply with Housing Quality Standards (HQS)?	Yes
, y swamy owndurds (1100)!	Yes

#### V. Budget

1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why.

No, not all funds allocated in the 2014 Project Protect budget will be expended by the end of the fiscal year. 1) The program experienced intermittent staff resignations and replacements in the course of the fiscal year. Hence, by the end of the year, there would be some funds leftover in salaries in the amount of \$28,000 for the period these positions were opened. The \$28,000 represents \$8,000 left in salary for the Crisis Case Manager position and the balance of \$20,000 for the Leasing Compliance Specialist. 2) There will also be a balance of about \$71,000 left in leasing due to the same staff changes which affected client recruitment and enrollment thus putting the program under capacity for client enrollment. Moreover, rental payments for the 27 rental units were estimated in the budget at the Fair Market Rate (FMR) rental payment which is usually more than the actual rent amounts paid.

- 2. Is there any money in this grant that would be available for reallocation to a new project? No. However, we hereby propose that leftover funds be used to hire another program staff, preferably another case manager to provide more services to clients. Even though the program targets 27 heads of household for services, the case manager also provides services to their dependents/children. Hence, the total number of people served (head of household and their children) by the program by then end of the fiscal year is usually over 100. It is our hope to serve a larger population of homeless families by increasing the households receiving permanent supported housing thus reduces those families in the Emergency Shelter System..
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

Households	2014 Calendar Year	2014 Calendar Year Agency Reported	CoC 2015 Grant Year
Total Number of households	37	27	27
Total Number of households who exited/will exit	13	4	3

Data Element	2014 Calendar Year	2014 Calendar Year	2015 System Target	
	HMIS Generated	Agency Reported	· 皇間 阿多斯爾 走上	
Destination Permanent Housing	67%		47%	
Housing Stability	100%	100%	98%	
Cash Income – Stayers	77%	71%	70%	
Non-Cash Benefits – Stayers	87%	71%	73%	
Return to Shelter	14%	n/a	17*	

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.
  - below the system target for our CoC

**Cash income-Stayers**: There is a 6% variance between the HMIS generated percentage for cash income of stayers and the agency-reported outcome of 71%. This difference is due to the number of unemployed clients (11) in the program. The new crisis case manager has resumed job readiness and job retention sessions with clients on caseload to increase the employability of unemployed clients.

Return to Shelter: The agency does not have any numbers reported for Project Protect clients returning to shelters. Our clients usually transition to regular stable housing in the communities or Section # 8 Housing

**Note:** The difference in numbers and percentages between the HMIS and the agency reported numbers is due to the fact that we primarily used the Rosie system to update data on client entry and exit only. However, moving forward we are requesting staff to update all data categories in the HMIS/Compass Rose including income sources i.e. cash and non-cash benefits for leavers and stayers.

I. Agency and Grant Information

Agency Name	DMH S+C St. Patrick Center
Project Name	SZB Chronic
Grant Number	MO0008L7E011301
Grant Start Date	10/1/2014
Contact Person	Judy Johnson
Phone/Email	Judy.Johnson@dmh.mo.gov

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection. (See Attachment)

#### III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. NA
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet. NA

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	NA
If you receive Leasing dollars, do you master lease units?	NA
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Yes
- 2. Is there any money in this grant that would be available for reallocation to a new project? No
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

Eligible Costs	Quantity Description (400 characters max)	CoC Assistance Requested

Match requirements – 25% overall match of total grant minus Leasing costs. Matching funds must be used on eligible CoC program costs. NOTE: Program income, including client rent or occupancy charges, CANNOT be used as match.

**Applicant:** Missouri Department of Mental Health 44-6000987 **Project:** SZB (STL City Shelter Plus Care Renewal Chronic-43)

This legacy Shelter Plus Care program is in its 6th year of operation and provides permanent housing/long term rental assistance and support services to chronically homeless individuals that are the hardest to reach and serve, and who tend to utilize the most community resources: individuals with serious mental illness, chronic substance and/or alcohol issues, co-occurring diagnoses and developmental disabilities. Many program participants have multiple health and mental health issues. They lack income and other resources necessary to obtain and maintain housing stability.

Eligible individuals are referred to a housing unit based on the HUD Prioritization Guidelines issued in July 2014. Those with the longest length of time homeless and highest service needs score are referred from the priority list first. Individuals referred currently come from agencies that will be participating in the St. Louis City CoC Coordinated Assessment process.

DMH contracts with St. Patrick Center to assist eligible participants in finding suitable housing, assuring the units meet HUD HQS and to pay monthly rents. Program participants are encouraged to choose housing that gives them the best access to transportation, treatment services, medical care, social services, child care, employment, shopping, recreation and other supports. St. Patrick Center is contracted by DMH to enter the HMIS data and assist in preparing CoC and HUD required reports.

Matching support services are provided by a network of provider agencies funded by DMH and other community based support service providers. Case managers assist individuals to apply for SSI, SSDI, VA and other benefits. Many case managers are SOAR trained. They assist in applying for mainstream benefits such as food stamps, Medicaid and TANF, and help clients connect with necessary medical services at Federally Qualified Healthcare Centers and Health Care Homes.

PSH Programs DMH S+C St. Patrick Center SZB Chronic

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

Households		2014 Calendar Year	CoC 2015 Grant Year
	HMIS Generated	Agency Reported	(Projected)
Total Number of households	. 53	53	53
Total Number of households who exited/will exit	5	5	5

Data Element	2014 Calendar Year	2014 Calendar Year	2015 System Target
	HMIS Generated	Agency Reported	<b>建工工程程</b> 654
Destination Permanent Housing	60%	60%	47%
Housing Stability	98%	96%	98%
Cash Income – Stayers	81%	81%	70%
Non-Cash Benefits – Stayers	83%	83%	73%
Return to Shelter	37,5%	0%	17*

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.
  - below the system target for our CoC

The Department of Mental Health will continue to provide in-service training by way of HMIS to our Processing Centers on the importance of inputting and updating correct information into the HMIS Data Base for accurate Annual Progress Reports and better outcomes for the CoC. The grants the Department of Mental Health are responsible for start on different dates and in most cases are not in sync with the CoC calendar year therefore the numbers may be more or less than the system's target.

Il Project Summary		

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in

Project Homecoming provides 15 units (22 beds) of scattered site PSH (single family apartment apartments or houses) for households in which the head of household is a homeless Veteran of the United States military with a disability. Chronically homeless, single, and small families (up to 2 bedroom units) are served in the Project Homecoming PSH. The Project Homecoming PSH is a housing first program that focuses on engaging and addressing client needs.

# III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. The Project Homecoming PSH plans to increase the number of Veterans served due to our efficient use of funds ad the substantial need to service disabled Veterans and Veterans that are chronically homeless. Weave used the Arizona Self Sufficiency model to help assess and address client needs in the Project Huccoming PSH program. However, we are actively engaged in helping the City of St. Louis and Stouis County implement a coordinated assessment tool such as the SPDAT, ViSPDAT.
- 2. Have you exect any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted gramendment requests)? If yes, please submit as part of this renewal packet. IV. HEARTH Comile

PSH Programs Employment Connection Project Homecoming

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

	2014 Calendar Year		CoC 2015 Grant Year
	HMIS Generated	Agency Reported	(Projected)
Total Number of households	20	20	21
Total Number of households who exited/will exit	1	1	1

Data Element	2014 Calendar Year	2014 Calendar Year	2015 System Target
	HMIS Generated	Agency Reported	· 李基/陈三士/李
Destination Permanent Housing	0%	0%	47%
Housing Stability	100%	100%	98%
Cash Income – Stayers	95%	95%	70%
Non-Cash Benefits – Stayers	47%	47%	73%
Return to Shelter	0%	0%	17*

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.
    - The Project Homecoming PSH plans to increase the number of Veterans served due to our
      efficient use of funds and the substantial need to service disabled Veterans and Veterans
      that are chronically homeless.
  - below the system target for our CoC
    - <u>Destination Permanent Housing</u>: One client exited the Project Homecoming PSH due to his passing (death). This client was able to maintain stable housing, reunify with family, and improve his health as a participant in Project Homecoming PSH.
    - O Non-Cash Benefits-Stayers: Clients eligible and/or in need of non-cash benefits apply for such resources through local, state, federal, and Veteran Administration offices. The Arizona Self Sufficiency model that we currently utilize has been helpful in assessing the specific needs of a client or household. Through partnering with SOAR trained staff we have been able to ensure clients receive benefits they are eligible for expeditiously.
    - <u>Return to Shelter</u>: No clients exited from the Project Homecoming PSH have returned to shelter during this reporting period. Through intensive case management we work tirelessly to increase the self sufficiency of each household so any client exits to permanent housing they are able to sustain. We strongly encourage clients to reside in units that they are able to maintain on their own if and when they transition out of the Project Homecoming program. This transition in place model has helped us identify units that clients can both afford and are places they are proud to call home.

I. Agency and Grant Information

Agency Name	Places for People	
Project Name	Housing for the Future of Families	
Grant Number	MO0107L7E011305	
Grant Start Date	November 1	
Contact Person	Daniel Gray	
Phone/Email	dgray@placesforpeople.org	

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection.

This project provides housing and supports to 12 homeless families whose head of household is diagnosed with a serious mental illness. The project provides scattered-site rental assistance to families assisting them to live independently in the community. Families receive mental health case management along with access to a variety of services including primary healthcare, substance abuse treatment, employment services, and a variety of evidence-based individual and group therapies. Families must meet PfP's diagnostic criteria for serious mental illness, but otherwise we are prioritizing the most vulnerable families during intake. At this time, coordinated assessment has not been finalized, but we are open to collaboration on the process. HMIS is used to collect entry, exit, and re-certification data. PfP maintains 0% missing data.

#### III. Program Changes

1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design.

No changes have been made recently or are anticipated. If the CoC were supportive, we would be willing to re-allocate some money from operations/support services to fund additional housing slots under leasing.

2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet.

None

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	Yes
If you receive Leasing dollars, do you master lease units?	Yes
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why.

PSH Programs Places for People Housing for the Future of Families

All funds are expended, except for a portion of leasing dollars, which for a variety of reasons can be challenging to fully draw down.

2. Is there any money in this grant that would be available for reallocation to a new project?

#### None

3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

	SUPPORTIVE SERVICES BUDGET

I. Agency and Grant Information

Agency Name	DMH S+C Queen of Peace	
Project Name	SCL TRA	
Grant Number	MO0017L7E011306	
Grant Start Date	10/1/2014	
Contact Person	Judy Johnson	·
Phone/Email	Judy.Johnson@dmh.mo.gov	

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection. (See Attachment)

#### III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. NA
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet. NA

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	NA
If you receive Leasing dollars, do you master lease units?	NA
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Yes
- 2. Is there any money in this grant that would be available for reallocation to a new project? No
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.
  - below the system target for our CoC

The Department of Mental Health will continue to provide in-service training by way of HMIS to our Processing Centers on the importance of inputting and updating correct information into the HMIS Data Base for accurate Annual Progress Reports and better outcomes for the CoC. The grants the Department of Mental Health are responsible for start on different dates and in most cases are not in sync with the CoC calendar year therefore the numbers may be more or less than the system's target.

**Applicant:** Missouri Department of Mental Health 44-6000987 **Project:** SCL (STL City Shelter Plus Care Renewal QoP TRA)

This legacy Shelter Plus Care program is in its 22nd year of operation and provides permanent housing/long term rental assistance and support services to homeless individuals and families that are the hardest to reach and serve, and who tend to utilize the most community resources: individuals with serious mental illness, chronic substance and/or alcohol issues, co-occurring diagnoses and developmental disabilities. Many program participants have multiple health and mental health issues. They lack income and other resources necessary to obtain and maintain housing stability.

Eligible individuals and families are referred to a housing unit based on the HUD Prioritization Guidelines issued in July 2014. Those with the longest length of time homeless and highest service needs score are referred from the priority list first. Individuals referred currently come from agencies that will be participating in the St. Louis City CoC Coordinated Assessment process.

DMH contracts with Queen of Peace Center to assist eligible participants in finding suitable housing, assuring the units meet HUD HQS and to pay monthly rents. Program participants are encouraged to choose housing that gives them the best access to transportation, treatment services, medical care, social services, child care, employment, shopping, recreation and other supports. Queen of Peace Center is contracted by DMH to enter the HMIS data and assist in preparing CoC and HUD required reports.

Matching support services are provided by a network of provider agencies funded by DMH and other community based support service providers. Case managers assist individuals to apply for SSI, SSDI, VA and other benefits. Many case managers are SOAR trained. They assist in applying for mainstream benefits such as food stamps, Medicaid and TANF, and help clients connect with necessary medical services at Federally Qualified Healthcare Centers and Health Care Homes.

Applicant: Missouri Department of Mental Health 44-6000987

Project: SCQ (STL City Shelter Plus Care Renewal Chronic-70)

This legacy Shelter Plus Care program is in its 8th year of operation and provides permanent housing/long term rental assistance and support services to chronically homeless individuals that are the hardest to reach and serve, and who tend to utilize the most community resources: individuals with serious mental illness, chronic substance and/or alcohol issues, co-occurring diagnoses and developmental disabilities. Many program participants have multiple health and mental health issues. They lack income and other resources necessary to obtain and maintain housing stability.

Eligible individuals are referred to a housing unit based on the HUD Prioritization Guidelines issued in July 2014. Those with the longest length of time homeless and highest service needs score are referred from the priority list first. Individuals referred currently come from agencies that will be participating in the St. Louis City CoC Coordinated Assessment process.

DMH contracts with St. Patrick Center to assist eligible participants in finding suitable housing, assuring the units meet HUD HQS and to pay monthly rents. Program participants are encouraged to choose housing that gives them the best access to transportation, treatment services, medical care, social services, child care, employment, shopping, recreation and other supports. St. Patrick Center is contracted by DMH to enter the HMIS data and assist in preparing CoC and HUD required reports.

Matching support services are provided by a network of provider agencies funded by DMH and other community based support service providers. Case managers assist individuals to apply for SSI, SSDI, VA and other benefits. Many case managers are SOAR trained. They assist in applying for mainstream benefits such as food stamps, Medicaid and TANF, and help clients connect with necessary medical services at Federally Qualified Healthcare Centers and Health Care Homes.

I. Agency and Grant Information

Agency Name	DMH S+C St. Patrick Center	
Project Name	SCY TRA	
Grant Number	MO0018L7E011306	
Grant Start Date	7/1/2014	
Contact Person	Judy Johnson	
Phone/Email	Judy.Johnson@dmh.mo.gov	

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection. (See Attachment)

#### III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. NA
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet. NA

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	NA
If you receive Leasing dollars, do you master lease units?	NA
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

#### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Yes
- 2. Is there any money in this grant that would be available for reallocation to a new project? No
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

Applicant: Missouri Department of Mental Health 44-6000987 Project: SCY (STL City Shelter Plus Care Renewal SPC)

This legacy Shelter Plus Care program is in its 14th year of operation and provides permanent housing/long term rental assistance and support services to homeless individuals and families that are the hardest to reach and serve, and who tend to utilize the most community resources: individuals with serious mental illness, chronic substance and/or alcohol issues, co-occurring diagnoses and developmental disabilities. Many program participants have multiple health and mental health issues. They lack income and other resources necessary to obtain and maintain housing stability.

Eligible individuals and families are referred to a housing unit based on the HUD Prioritization Guidelines issued in July 2014. Those with the longest length of time homeless and highest service needs score are referred from the priority list first. Individuals referred currently come from agencies that will be participating in the St. Louis City CoC Coordinated Assessment process.

DMH contracts with St. Patrick Center to assist eligible participants in finding suitable housing, assuring the units meet HUD HQS and to pay monthly rents. Program participants are encouraged to choose housing that gives them the best access to transportation, treatment services, medical care, social services, child care, employment, shopping, recreation and other supports. St.Patrick Center is contracted by DMH to enter the HMIS data and assist in preparing CoC and HUD required reports.

Matching support services are provided by a network of provider agencies funded by DMH and other community based support service providers. Case managers assist individuals to apply for SSI, SSDI, VA and other benefits. Many case managers are SOAR trained. They assist in applying for mainstream benefits such as food stamps, Medicaid and TANF, and help clients connect with necessary medical services at Federally Qualified Healthcare Centers and Health Care Homes.

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

Households	2014 Calendar Year	2014 Calendar Year	CoC 2015 Grant Year
	HMIS Generated	Agency Reported	(Projected)
Total Number of households	86	86	86
Total Number of households who exited/will exit	7	7	7

Data Element	2014 Calendar Year	2015 System Target	
	HMIS Generated	Agency Reported	
Destination Permanent Housing	71%	71%	47%
Housing Stability	100%	98%	98%
Cash Income – Stayers	68%	68%	70%
Non-Cash Benefits – Stayers	62%	62%	73%
Return to Shelter	6%	0%	17*

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.
  - below the system target for our CoC

The Department of Mental Health will continue to provide in-service training by way of HMIS to our Processing Centers on the importance of inputting and updating correct information into the HMIS Data Base for accurate Annual Progress Reports and better outcomes for the CoC. The grants the Department of Mental Health are responsible for start on different dates and in most cases are not in sync with the CoC calendar year therefore the numbers may be more or less than the system's target.

# I. Agency Name and Grant Information

Agency Name	St. Patrick Center	
Project Name	Rosati ACT	
Grant Number	MO0135L7E011304	
Grant Start Date	October 1, 2015	
Contact Person	Nora Boland	
Phone/Email	nboland@stpatrickcenter.org	

#### II. Project Summary

1. The primary purpose of Rosati ACT (Assertive Community Treatment) program is to stabilize formerly homeless individuals who have mental illness and/or substance abuse issues. The program is a permanent supportive housing program. The Rosati Act is unique because participants receive assistance in all areas of life with a team approach. The primary areas are mental health, substance abuse, and financial stability.

#### III. Program Changes

- 1. The most significant change to the Rosati ACT program is the addition of 15 women formally with the Shalom House that are now receiving supportive service as well as rental assistance from the Rosati Act program. We did request changes in line items to move areas of excess to areas of need but keeping the total grant request the same. The population has remained the same with the same criteria for admission but the total number served has gone from 42 to 57.
- 2. Rosati ACT grant requested line item changes to include hiring of one extra mental health case manager and moving unused funds on one line to other line items to cover things needed to support the additional tenants and additional mileage.

### IV. HEARTH Compliance

HEARTH Requirements	
Do you have consumer representation on your Board?	
If you receive Leasing dollars, do you master lease units?	
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	
Do you comply with Housing Quality Standards (HQS)?	

#### V. Budget

- 1. It is unclear what the total cost and spending will be with the recent addition of 15 new clients but we do believe that the Rosati ACT will spend the bulk of the new proposed CoC grant. This is including the amendment of changing line items within the budget. The only line item that will not be spent down is the mental health nurse contract, during this past year there were fewer medical/psychiatric crisis issues and the need for the nurse was lower. We have scheduled extra nurses for the month of September to up-date all the tenant's physicals and current medication records to include the additional 15's initial nursing assessments.
- 2. No, we already reallocated funds due to the addition of 15 Shalom clients.
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANITY DESCRIPTIONS MUST BE ENTERED.

	SUPPORTIVE SERVICES BUDGET

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported

1. Complete the column for household expected to be served and number who will exit during 2015 CoC grant term.

Households	2014 Calendar Year HMIS Generated	2014 Calendar Year Agency Reported	2015 Grant Year (Projected)
Total Number of households	51	51	68
Total Number of households who will exited/will exit	10	11	11

Data Element	2014 Calendar Year HMIS Generated	2014 Calendar Year Agency Reported	2015 System Target
Destination Permanent Housing	30%	50%	63%
Housing Stability	95%	76%	83%
Cash Income-Stayers	78%	95%	90%
Non-Cash Benefits-Stayers	44%	100%	90%
Return to Shelter	6%	25%	25%

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - In the past most HMIS was used to record entry and discharge and the ECM was used to update tenant's income and other changes, moving forward all pertinent changes will be recorded into the Compass Rosie system.
  - The targets recorded above reflect the addition of the 15 new tenants for the grant year. Some of the percentages are dropped because we expect that some of the Shalom client will leave the program due to the changes in services and expectations.

# City of St. Louis CoC 2015 Renewal Review

I. Agency and Grant Information

Agency Name	DMH S+C Queen of Peace	
Project Name	SZC TRA	
Grant Number	MO0009L7E011301	
Grant Start Date	10/1/2014	
Contact Person	Judy Johnson	
Phone/Email	Judy.Johnson@dmh.mo.gov	

#### II. Project Summary

1. Provide a brief summary of your project, including purpose, design and target population. Include steps to prioritizing clients according to the CoC's priority list for PSH housing. Also describe how you will be coordinating placements in your housing programs utilizing the community's new coordinated assessment process. Describe your use of HMIS in data collection. (See Attachment)

### III. Program Changes

- 1. Describe any significant changes to your program during the past year or planned for the upcoming grant term, including changes in budget line items, population served, numbers served, program design. NA
- 2. Have you executed any grant amendments with the City of St. Louis for this project in the past year (or do you have any unexecuted grant amendment requests)? If yes, please submit as part of this renewal packet. NA

IV. HEARTH Compliance

HEARTH Requirement	YES or NO
Do you have consumer representation on your Board?	NA NA
If you receive Leasing dollars, do you master lease units?	NA NA
If you receive Leasing or Rental Assistance dollars, do you comply with the rent reasonableness requirements?	Yes
Are you conducting an Annual Service Needs Assessment for all participants who are enrolled for more than one year?	Yes
Do you comply with Housing Quality Standards (HQS)?	Yes

### V. Budget

- 1. Do you expect that all funds in your 2014 CoC grant will be expended? If not, what amount will not be spent and why. Yes
- 2. Is there any money in this grant that would be available for reallocation to a new project? No
- 3. Complete the following 2015 CoC budget tables for your CoC program. QUANTITY DESCRIPTIONS MUST BE ENTERED.

Eligible Costs	SUPPORTIVE SERVICES BUDGET Quantity Description (400 characters max)	CoC Assistance Requested
Assessment of Services Needs		0

Match requirements – 25% overall match of total grant minus Leasing costs. Matching funds must be used on eligible CoC program costs. NOTE: Program income, including client rent or occupancy charges, CANNOT be used as match.

## PSH Programs DMH S+C Queen of Peace SZC TRA

#### VI. Performance

The tables below should be completed using both HMIS data and agency reported.

1. Complete the column for households expected to be served and number who will exit during the 2015 CoC grant term

Households	To be served and humb	er who will exit during the	2015 CoC grant term
nousenoids	2014 Calendar Year	2014 Calendar Year	CoC 2015 Grant Year
	HMIS Generated	Agency Poported	/D-:- ( )
Total Number of households	47	Agency Reported	(Projected)
	47	47	47
Total Number of households who exited/will exit	4	1	1
	<u> </u>	<u> </u>	4

Data Element	2014 Calendar Year HMIS Generated	2014 Calendar Year Agency Reported	
Destination Permanent Housing	0%	0%	47%
Housing Stability	100%	95%	
Cash Income – Stayers	72%	72%	98%
Non-Cash Benefits – Stayers	74%	74%	70%
Return to Shelter	0%	0%	73%

- 2. Provide an explanation as well as specific steps that will be taken to improve your program's outcomes if your program has/is:
  - a variance between the HMIS generated reports and the agency provided reports and what steps are being taken to assure HMIS data completeness and accuracy for 2016.
  - below the system target for our CoC

The Department of Mental Health will continue to provide in-service training by way of HMIS to our Processing Centers on the importance of inputting and updating correct information into the HMIS Data Base for accurate Annual Progress Reports and better outcomes for the CoC. The grants the Department of Mental Health are responsible for start on different dates and in most cases are not in sync with the CoC calendar year therefore the numbers may be more or less than the system's target.

Applicant: Missouri Department of Mental Health 44-6000987

Project: SZC (STL City Shelter Plus Care Renewal QoP Families)

This legacy Shelter Plus Care program is in its 6th year of operation and provides permanent housing/long term rental assistance and support services to homeless individuals and families that are the hardest to reach and serve, and who tend to utilize the most community resources: individuals with serious mental illness, chronic substance and/or alcohol issues, co-occurring diagnoses and developmental disabilities. Many program participants have multiple health and mental health issues. They lack income and other resources necessary to obtain and maintain housing stability.

Eligible individuals and families are referred to a housing unit based on the HUD Prioritization Guidelines issued in July 2014. Those with the longest length of time homeless and highest service needs score are referred from the priority list first. Individuals referred currently come from agencies that will be participating in the St. Louis City CoC Coordinated Assessment process.

DMH contracts with Queen of Peace Center to assist eligible participants in finding suitable housing, assuring the units meet HUD HQS and to pay monthly rents. Program participants are encouraged to choose housing that gives them the best access to transportation, treatment services, medical care, social services, child care, employment, shopping, recreation and other supports. Queen of Peace Center is contracted by DMH to enter the HMIS data and assist in preparing CoC and HUD required reports.

Matching support services are provided by a network of provider agencies funded by DMH and other community based support service providers. Case managers assist individuals to apply for SSI, SSDI, VA and other benefits. Many case managers are SOAR trained. They assist in applying for mainstream benefits such as food stamps, Medicaid and TANF, and help clients connect with necessary medical services at Federally Qualified Healthcare Centers and Health Care Homes.
